

PORTABLE MOBILE UNIT | MODEL:

# Black Box Lite

Portable fog protection, simplified and effective.

Enforcer Systems Black Box Lite is a portable fog security unit built for reliability and ease of use. With a manual-deployment design, it delivers the same dense fog barrier as the Elite model—instantly obscuring vision, overwhelming intruders, and protecting assets in seconds. Lightweight and mobile, it's ideal for small businesses, events, and temporary installations that need flexible, on-demand protection.

## KEY BENEFITS

- **Instant Fog Protection:** Detects threats automatically and deploys dense fog in seconds to stop theft before it happens.
- **Portable & Flexible:** Designed for mobility, providing powerful fog security wherever it's needed.
- **Simplified Operation:** Manual activation makes it easy to use while keeping setup fast and straightforward.
- **Safe & Biodegradable:** Non-toxic, residue-free, people and pet friendly, and proven safe for electronics. Eco-conscious, with biodegradable fog cartridges.
- **All-in-One Security:** Stand-alone, plug-and-play design makes deployment fast and simple with no permanent installation.

## FEATURES & SPECS

**Total Area Coverage:** 200m<sup>3</sup> / 7,062ft<sup>3</sup>

**Deployment Time:** 12 seconds

**Weight:** 23.2kg / 51.14lbs
